**Re: Terminal 1 South Site
Final Removal Action Work Plan
Final Feasibility Study Report
ECSI No. 2642**

Dear Mr. Struck:

The Port of Portland (Port) has prepared the final Removal Action Work Plan and the final Feasibility Study (FS) Report for the Terminal 1 (T1) South Site. The final Removal Action Work Plan was prepared based on Department of Environmental Quality (DEQ) comments received in a DEQ letter dated May 3, 2002 and comment responses in a Port letter dated May 30, 2002. The final FS was prepared based on DEQ comments received in a second DEQ letter dated May 3, 2002 and comment responses in a Port letter dated May 31, 2002. In addition, the Removal Action Work Plan, Risk Assessment and FS documents were discussed in T1 South project meetings or teleconferences held with DEQ on April 29, May 28 and June 10, 2002. Two copies of the final T1 South Removal Action Work Plan and final FS Report are submitted to DEQ for approval.

Please contact me at (503) 944-7533 with any questions. Your prompt attention is appreciated.

Sincerely,

Joe Mollusky
Environmental Project Manager
Property and Development Services
